October 31, 2006

To the Board of Education and citizens of Jefferson County Public Schools:

The Comprehensive Annual Financial Report for the Jefferson County School District (the District) as of and for the fiscal year ended June 30, 2006, is submitted herewith. Colorado Revised Statutes (CRS) 29-1-603 requires that local governments have an annual audit of the financial statements. The audits are required to be conducted in accordance with generally accepted auditing standards.

The responsibility for both the accuracy of the data and the completeness of the presentation, including all disclosures, rests with the management of the District. The District's comprehensive framework of internal controls provides assurance of the accuracy of the reports. As the cost of internal controls should not outweigh the benefits, the outcome is to provide reasonable, rather than absolute, assurance the financial statements are free of any material misstatements.

This report was prepared by Financial Services and to the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner to present fairly the financial position and results of operations of the various funds of the District. Readers of this report are encouraged to consider the information presented here in conjunction with additional information presented in Management's Discussion and Analysis found on pages 16-27 of this report. All disclosures necessary to enable the reader to gain an understanding of the financial activities for the fiscal year ended June 30, 2006 have been included.

The report is comprised of four major categories:

Introductory section

This section contains this letter of transmittal, a list of the superintendent's cabinet, the Government Finance Officers Association certificate of excellence, and the District's organizational chart.

Financial section

This section contains the Independent Auditors' Report, Management's Discussion and Analysis, the Basic Financial Statements, Notes to the Basic Financial Statements, and Supplemental Information, which includes financial statements by fund type. The Basic Financial Statements, together with the Independent Auditors' Report, Management's Discussion and Analysis and the Notes to the Basic Financial Statements are designed to provide a financial overview; the Supplemental Information provides more detailed financial information on a fund-by-fund basis.

Statistical section

This section includes selected financial and demographic information, generally presented on a multi-year basis.

Single audit section

This section is presented in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*.

The District's background and services

The District was formed in 1950 when 39 independent districts were consolidated into a countywide district encompassing the 785 square miles of Jefferson County, Colorado. The District operates under an elected five member Board of Education.

The District provides a full range of educational programs and services authorized by Colorado State statute to approximately 84,500 students. District programs and services include basic K-12 education in elementary, middle, high schools, option schools, special education, vocational education and numerous other programs. The District is a legally separate financial entity and is not included in any other entity's financial reports. There are eleven charter schools within the District that are legally separate entities. The charter schools are funded based on the Colorado Department of Education stated per pupil revenue. This revenue is directly allocated to each charter school. The charter schools are disclosed as component units of the District.

Our Mission: To provide a quality education that prepares all children for a successful future.

Local Economy

The Colorado economy continues to improve, in some areas, exceeding the national economy. Employment in Colorado is estimated to increase 2.1 percent in 2006, equivalent to 46,600 new jobs. The national estimate of employment is for 1.4 percent increase in 2006. The 2006 unemployment rate is forecast to be 4.6 percent, down from 5.1 percent in 2005. The national unemployment for 2006 is forecast to be 4.7 percent. Consumer prices in the Denver-Boulder-Greeley area are forecast to rise 3.5 percent in 2006 and to be 3.2 percent in 2007. Net in-migration to Colorado will remain low at slightly below 30,000 and total population growth estimated at 1.4 percent. Lower migration has resulted from slow downs in employment growth. Growth in the number of new students enrolled in public schools between 2005 and 2010 is expected to rise an average annual 1.5 percent. Certain counties such as Douglas, Weld, El Paso and Adams have experienced rapid population growth whereas Jefferson County has lower growth and an aging community.

The District has been experiencing declining enrollment since the school year 2000/2001. This declining enrollment continues to challenge the District to provide services and keep a balanced budget while building up necessary reserves. Funded pupil count is projected to decline by approximately 701 students in fiscal 2006/2007 from the prior year. The decrease in enrollment will result in a decrease in funding of approximately \$4.3 million. Based on current county demographics, declining enrollment will continue for the next four years. The student count is conducted on October 1 of each year. Per state statute, the budget may be adjusted until October 15 of each year to take into account the October count.

(a) In fiscal year 2003/2004, the calculation for averaging of funded students changed. Preschool pupils had been included in the average in prior years. Beginning in 2003/2004, preschool pupils are not included in the FTE counts therefore lowering the average for funded counts for future years.

Notes:

Total Enrollment – Total students receiving services.

FTE Count – Calculation of total students with kindergartner and part-time students counted as one-half pupil.

Funded Count – Calculation of the FTE count based upon the higher of actual FTE count or the averages of two, three or four years.

On November 2, 2004, Jefferson County voters approved a mill levy override of \$38.5 million and a bond (debt) increase of \$323.8 million. The District is using the mill levy increase to maintain high quality educational programs provided to each child. This includes decreasing class sizes in grades one through six, restoring safety programs and developing programs to meet new college requirements. The bond funds are being used to replace some older school buildings as well as complete other much needed capital improvements.

In November 2005, Colorado voters approved Referendum C allowing the state to retain all revenue collected from FY 2005/2006 through FY 2009/2010 and eliminating the TABOR refunds requirement. The referendum allocated one-third of anticipated revenue to be spent on K-12 education. Two areas that were specifically targeted were special education and the Giardino capital construction settlement. The District will not receive any funding from the Giardino construction settlement and minimal additional funding (approximately \$200,000) for special education. It is not anticipated the District will receive substantial funding in the future from Referendum C.

Major initiatives

Strategic plan

In 1998, Jeffco Schools adopted a strategic plan to define the mission of the District, support the Board of Education's ends policies, establish goals and objectives and provide measurable indicators. Each year, as part of the ongoing strategic planning process, the Strategic Planning Advisory Council meets to advise the District on setting priorities, allocating district funds and help with the strategic planning process. The Strategic Plan is designed to ensure that all members of the Jeffco team focus their work and resources in support of the Strategic Plan and core mission of the District.

The mission of Jeffco Schools is: To provide a quality education that prepares all children for a successful future;

With two goals;

- All students will graduate with meaningful choices for their future as a result of the quality instruction and rigorous curricula in Jeffco Schools.
- All employees will be efficient, welcoming, customer-oriented, and accountable for a high performing organization to ensure that all students graduate with meaningful choices.

The strategic plan has twelve objectives aligned under the Board of Education's adopted Ends Policies. All goals, objectives and Ends Policies ultimately focus on the District's mission.

Fiscal management and strategic policies

The District has adopted a conservative approach for long-range planning to improve the financial condition of the District. The following are the key components of this plan:

- The budget cycle for each budget year will begin in the fall to ensure adequate time for input and any program adjustments due to projected revenue increases or decreases.
- The District's annual budget is projected for the next four years to enable long-range planning, identify and correct possible issues and ensure fiscal responsibility.
- The District is continuing to support the internal audit department to provide site evaluations of accounting and internal control processes.
- An independent citizen's Financial Oversight Committee meets to review District financial management practices, activities, make recommendations and report to the Board of Education.
- Quarterly financial reports are a Board of Education workshop agenda item. The Board reviews the quarterly reports with the Financial Oversight Committee and the External Auditors. The reports are designed to meet the Colorado Revised Statute 22-45-102 requirements.
- All District financial policies are reviewed annually.
- Monthly budget reports to provide trend data to ensure District spending is monitored and within appropriated levels.

Budget development process

For the FY 2006/2007 budget development, the District implemented a budget development process similar to the concepts described in the book The Price of Government. The Budgeting for Results approach focuses on realignment of resources to improve performance and results. The District had historically taken the prior year budget and cut a flat percentage to achieve a current year balanced budget. The past process, over time, could eventually result in broken programs unable to function. The Budgeting for Results approach encourages communication and leverage between organizational units within the entire District and focuses attention on District goals such as student achievement.

Student achievement

The District’s focus on student achievement includes meeting the goals defined within three different accountability systems. The State Accreditation system is administered by the Colorado Department of Education. The accreditation process is a comprehensive system which reviews many performance indicators in schools, including academic achievement for all students in all curriculum areas. The School Accountability Report (SAR) system is also administered by the Colorado Department of Education. The SARs is a system of providing a single rating of schools based on student performance from the Colorado Student Assessment Program (CSAP) test scores. Each school receives a rating of “Excellent”, “High”, “Average”, “Low” or “Unsatisfactory”. The Federal Government mandated the No Child Left Behind (NCLB) act which requires states to set student achievement target goals for all public schools, also known as Adequate Yearly Progress. The goal is for 100 percent student proficiency in reading and math by the year 2013/2014. Colorado utilizes CSAP math and reading scores and participation to measure the progress of subgroups toward the targets.

Capital improvement program

The physical infrastructure is integral to the core mission of Jeffco Public Schools. The capital improvement program includes funding cycles, planning, design, construction and operation of assets. This process extends over multiple years to multiple decades and is measured in the context of long-term life-cycle management. The process of identifying, planning, designing, and constructing a new school requires approximately six years. Once constructed, a facility has a serviceable life of at least 40 years. The chart below shows the original construction date by decade of the District’s schools (this does not include charter schools).

Bond and capital reserve proceeds and distribution

Since 1992, the District’s policy for capital improvement funding has been that all capital improvement projects with an estimated useful life in excess of 20 years are financed through the use of general obligation bonds. Those projects include construction of new facilities, additions to existing facilities, major renovations, replacement of heating/ventilating, electrical and plumbing systems. All capital improvements with an estimated useful life of less than 20 years are financed from the capital reserve fund. Projects in this category include improvement or replacement of roofs, floor coverings, parking lots, site work and minor remodeling. This process was successfully used for the 1992-1997 capital improvement program. In November 1997, voters approved a \$265 million bond issue to construct and improve district facilities accounting for over 1,000 projects. At the end of 2002/2003 the bond proceeds were expended. With the successful passage of the voter-approved bond election on November 2, 2004, Jeffco schools have finished its second year of the 2005-2010 capital construction program. Cycle four of a total of 12 cycles began on July 1, 2006. The construction program is reviewed by the Capital Improvement Oversight Committee. The Capital Improvement Program Oversight Committee is made up of independent citizens with experience in the construction industry. The committee provides guidance and advice to the District and the Board of Education on the management of the program.

Financial information

District management is responsible for establishing and maintaining internal controls designed to ensure the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Single audit - As a recipient of federal and state financial assistance, the District also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to these programs. These internal controls are subject to periodic evaluation by District management.

As a part of the District's single audit, tests are made to determine the adequacy of internal controls, including that portion related to federal award programs, as well as to determine that the government has complied with applicable laws, regulations, contracts and grants. The results of the District's single audit for the fiscal year ended June 30, 2006 provided no instances of material weaknesses in internal controls or material violations of applicable laws, regulations, contracts and grants.

Budgeting controls - In addition, the District maintains numerous budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget adopted by the Board of Education. Activities of all funds are included in this report. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by fund.

The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year end and are generally re-established in the following year as an obligation against that year's appropriated budget. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The management's discussion and analysis found on pages 16-27 of this document highlight financial information.

Accounting policies - Detailed descriptions of the District's accounting policies are contained in the Notes to the Basic Financial Statements on pages 48-69, and they are an integral part of this report. These policies describe the basis of accounting, funds and accounts used, valuation policies for inventories and investments and other significant accounting information.

Independent audit

Under provisions of Article 29-1-603, Colorado Revised Statutes, 1973, an independent public accounting firm must perform an annual audit of the District's accounts. The accounting firm of Clifton Gunderson LLP was appointed by the Board of Education to perform the June 30, 2006 fiscal year audit. The independent auditors' report on the Basic Financial Statements is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the Single Audit Section.

Recognition for financial reporting

The Government Finance Officers' Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Jefferson County School District, No. R-1, for its comprehensive annual financial report for the fiscal year ended June 30, 2005. This was the twenty-third consecutive year the District has received this prestigious award. In order to be awarded a Certificate of Achievement, the District published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgment

We would like to thank Superintendent Cynthia Stevenson and the Board of Education for their interest and support in planning and conducting the financial operations of the Jefferson County School District in a responsible and professional manner. We would also like to express our appreciation to the District's independent auditors, Clifton Gunderson LLP, for the professional manner in which they have accomplished the audit.

Respectfully submitted,

Lorie Gillis
Chief Financial Officer

Independent Auditor's Report

The Board of Education
Jefferson County School District No. R-1
Jefferson County, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jefferson County School District No. R-1 as of and for the year ended June 30, 2006, which collectively comprise Jefferson County School District No. R-1's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Jefferson County School District No. R-1's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jefferson County School District No. R-1 as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2006 on our consideration of Jefferson County School District No. R-1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 16 through 27 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Jefferson County School District No. R-1's basic financial statements. The combining and individual fund financial statements and schedules and the Colorado Department of Education Auditor's Electronic Financial Data Integrity Check Figures listed in the table of contents are presented for purposes of legal compliance and additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory section and statistical section listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

**Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006**

Primary Government Government-wide Net Assets:
Increased \$49.7 million over prior year.

Primary Government Government-wide Revenues:
Increased \$17 million over prior year.

Primary Government Government-wide Expenses:
Increased \$50 million over prior year.

Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006

As management of the Jefferson County School District, No. R-1, Jefferson County, Colorado (the District), we offer readers of the District's Comprehensive Annual Financial Report this narrative and analysis of the financial activities of the primary government for the fiscal year ended June 30, 2006. We encourage readers to consider the information presented here in conjunction with additional information that can be found in the letter of transmittal on pages 1-5.

Financial highlights

- The government-wide current assets decreased \$8 million over the prior year. Cash and investments had a net decrease of \$12.8 million. This net decrease is from the use of cash for the Building Fund – Capital Projects offset by the additional source of cash from the mill levy override. The spend down of the proceeds from the bonds are planned to be complete in 2010. The mill levy override was used in part, to continue to build a higher reserve balance therefore strategically stretching the voter approved revenues. Receivables had a net increase of \$4 million from the prior year. The Grants Fund receivables from federal and state sources increased \$4 million from the prior year.
- Capital assets, net of depreciation increased \$35 million. This increase is due to the capital projects being constructed from the Building Fund – Capital Projects.
- Government-wide current liabilities increased \$16.7 million over the prior year. Accounts payable increased \$12 million with the activity of the six year capital construction program in the Building Fund – Capital Projects. Increases also occurred in accrued salaries and benefits and payroll withholding of \$1.9 million.
- The District's noncurrent liabilities in the government-wide statement decreased \$39 million from the prior year. This decrease is from principal payments and amortization of discounts and premiums in 2006.
- Government-wide net assets increased \$49.7 million from year 2005. Capital Reserve Capital Projects fund net assets increased \$9 million. The reserve is being increased to complete the Capital Projects program as planned. The unrestricted portion of net assets increased \$39 million from the prior year, as planned with the strategic utilization of mill levy override revenues.
- Government-wide revenues increased \$17 million over the prior year. Intergovernmental state equalization increased \$7.2 million and interest earnings increased \$3.4 million. Grant revenues from IDEA – Part B, Title I – Part A and Title II contributed to the increase of \$5.6 million from the prior year.
- Government-wide expenses increased \$50 million from the prior year. Direct instruction costs increased \$30.8 million due to one new school opening, increases in salaries and benefits, increase grant expenditures and increased depreciation in 2006. Indirect expenses increased \$5.6 million from a new school opening and increases in salary and benefits. Interest expenses on debt service increased \$5 million. Telecom increased for technology services an additional \$700,000 and utilities increased \$2.5 million.

The District's financial position remained positive during fiscal 2006 as reflected by Standard & Poor's rating of AA- with a stable outlook and Moody's rating of A1.

Overview of the financial statements

Management's Discussion and analysis is intended to serve as an introduction to the District's basic financial statements. Comparison to the prior year's activity is provided in this document. The basic financial statements presented on pages 30-69 are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves on pages 74-97.

Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006

Government-wide financial statements

The government-wide financial statements are designed to provide the reader of the District's Comprehensive Annual Financial Report a broad overview of the financial activities in a manner similar to a private sector business. The government-wide financial statements include the statement of net assets and the statement of activities. The statement of net assets presents information about all of the District's assets and liabilities. The difference between assets and liabilities is reported as net assets. Over time changes in net assets may serve as a useful indicator whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the net assets of the District changed during the current fiscal year. Changes in net assets are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement even though the resulting cash flow may be recorded in a future period.

The government-wide financial statements consolidate governmental and internal service activities that are supported from taxes and intergovernmental revenues and business-type activities that are intended to recover all or most of their costs from user fees and charges. Governmental activities consolidate governmental funds including the general fund, debt service, capital reserve capital projects fund, building fund capital projects and special revenue funds with internal services funds including the employee benefits fund, the risk management fund and the technology fund. Business-type activities consolidate funds that include the food service fund, the child care fund and property management fund.

The government-wide financial statements also include information on component units that are legally separate from the District (known as the primary government). At the close of the current fiscal year, the District has included information for two component units, the Jefferson County School Finance Corporation and Charter Schools.

The only activity of the District's Finance Corporation is to act as a conduit for the transfer of funds relating to the issuance and refunding of certificates of participation. The Corporation has no assets or liabilities at June 30, 2006, and therefore has no financial impact on the District. Financial information for the Charter Schools is presented separately from the primary government because the Charter Schools are considered discrete component units of the District.

The government-wide financial statements can be found on pages 30-31.

Fund financial statements

Fund financial statements are designed to demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. Fund financial statements for the District include two of the three possible fund types. The fund types presented here are governmental funds and proprietary funds. The District currently does not use fiduciary fund types.

Governmental funds account for essentially the same information reported in the governmental activities of the government-wide financial statements. However, unlike the government-wide statements, the governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financing requirements in the near term.

Since the governmental funds and the governmental activities report information using the same functions, it is useful to compare the information presented. Because the focus of each report differs, a reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

The District maintains six different governmental funds. The major funds are the general fund, the capital reserve capital projects fund, the building fund capital projects and the bond redemption debt service fund. They are presented separately in the fund financial statements with the remaining governmental funds combined into a single aggregated presentation labeled other governmental funds. Individual fund information for the non-major funds is presented as other supplemental information in this document.

The District adopts an annual appropriated budget for each of the governmental funds. A budgetary comparison schedule for the general fund is included in the fund financial statements to demonstrate compliance with the adopted budget. The remaining governmental funds budgetary comparisons are reported as other supplemental information.

The basic governmental fund financial statements can be found on pages 32-39.

**Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006**

The District maintains two types of proprietary funds, enterprise funds and internal service funds. Enterprise funds are used to present the same functions as the business-type activities presented in the government-wide financial statements. The fund financial statements of the enterprise funds provide the same information as the government-wide financial statements only in more detail. Internal service funds are used to accumulate and allocate costs internally among the governmental functions.

The enterprise funds (Food Service Fund, Child Care Fund, and Property Management Fund) are listed individually and are considered to be major funds. Individual internal service fund information is presented as other supplemental information in this document. The District's internal service funds are the Central Services Fund, the Employee Benefits Fund, the Insurance Reserve Fund, the Technology Fund, and the Utility Revolving Fund.

The basic proprietary fund financial statements are presented on pages 40-45.

Notes to the basic financial statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes can be found on pages 48-69 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also contains other supplemental information concerning the District's non-major governmental and internal service funds. Combining and individual fund statements and schedules can be found on pages 74-87 of this report.

Government-wide financial analysis

Government-wide net assets

The assets of the District are classified as current assets and capital assets. Cash, investments, receivables, inventories and prepaid expenditures are current assets. These assets are available to provide resources for the near-term operations of the District. Cash and investments account for 93 percent of the current assets. Receivables are due in large part as a result of the property tax collection process; the District receives almost 60 percent of the annual property tax assessment in May and June.

Capital assets are used in the operations of the District. These assets are land, construction in progress, buildings, equipment, and vehicles. Capital assets are discussed in greater detail in the section titled, Capital Assets and Debt Administration, elsewhere in this analysis.

Current and long-term liabilities are classified based on anticipated liquidation either in the near-term or in the future. Current liabilities include accounts payable, accrued salaries and benefits, unearned revenue, interest payable, estimates for claims and premiums, and current debt obligations. The liquidation of current liabilities is anticipated to be either from current available resources, current assets or new resources that become available during fiscal 2007. Long-term liabilities such as long-term debt obligations, early retirement benefits and compensated absences will be liquidated from resources that will become available after fiscal 2007.

The assets of the primary government activities exceed liabilities by \$486 million with an unrestricted net asset balance of \$89 million.

**Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006**

A net investment of \$275 million in land, buildings, equipment, and vehicles, net of debt, to provide the services to the District's 84,500 public school students represents 57 percent of the District's net assets. The capital projects net assets of \$47 million are restricted for construction projects. Debt service net assets of \$56 million have been accumulated due to voter approved bonded debt mill levy assessments that have been restricted to provide resources to liquidate the current general obligation bond principal and related interest payments. The legally required TABOR reserve has also been restricted.

The \$62 million of accrued salaries as of June 30, 2006 includes \$57 million of earned but unpaid salaries associated with teacher contracts for the 2006 school year requiring resources from fiscal 2007 to liquidate.

Proprietary funds

Governmental activities – Internal Service Funds for the District provide greater detail of the same information presented in the government – wide financial statements. Combining fund financial statements of the internal service funds can be found on pages 82-87 of this report. Following are highlights of activity in the District's internal service funds for fiscal year 2006.

- Central services ended the year with \$370,475 in net income. Rate increases, reduction in copier volume and savings on purchased paper contributed to the increase.
- The employee benefits fund increased net assets by \$4,140,495. The additional transfer from the General Fund of \$3,000,000 to provide reserves to offset medical insurance utilization risk being the large portion of this increase.
- The insurance reserve fund increased net assets by \$60,767. Lower insurance recoveries and higher claims costs resulted in lower net income than the prior year.
- The technology fund increased net assets by \$2,794,922, will be spent down in the next two years for technology initiatives.
- The utility revolving fund closed at the end of 2006.

The District's business-type activities increased net assets by \$2,581,516. Key elements that highlight the activities in fiscal year 2006 are as follows.

- The food services fund reported a change in net assets in the amount of \$1,714,644, an increase from the prior year of \$757,084. The increase was due to several factors; meal counts increased, federal reimbursements increased and efficiencies achieved through grab and go service that serves more children faster and uses less staff time.
- The child care fund reported an increase in net assets of \$35,933. This is lower than the prior year net increase of \$240,365. The decrease is due to spending down reserves on kindergarten programs and closing programs.
- The property management fund increased net assets by \$830,939. Salaries and benefits as well as depreciation were lower than the prior year. Revenues increased \$103,820 from building use.

Financial analysis of the District's governmental funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with GAAP, the School Finance Act and other related legal requirements.

The governmental funds of the District provide information on near – term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Unreserved fund balance, in particular, measures the District's net resources available for spending at the end of the fiscal year.

Unreserved fund balance for the District at the end of the fiscal year includes a combination of the unreserved balance for the general fund of \$50,631,896 and an unreserved fund balance of \$6,730,727 for other governmental funds.

The general fund is the primary operating fund of the District with the majority of funding based on School Finance Act per pupil revenue. Student enrollment decreased by 395 students during the fiscal year. This reduction amounts to approximately \$2.3 million in decreases from the state's School Finance Act funding. The immediate effect of this decrease is softened by the four-year average calculation used by the Colorado Department of Education.

The bond redemption debt service fund has adequate resources accumulated to make the December 2006 principal and interest payments. The mill levy to accumulate resources for the June 2007 principal and interest payments will be certified in December 2006. In compliance with Senate Bill 237 the District has contracted with a third party custodian to administer bond principal and interest payments.

The capital reserve capital projects fund has begun building reserves that will be used in the latter part of the 2005-2010 capital improvement program. The building fund capital projects fund was started in fiscal year 2005 with the issuance of the 2004 general obligation bond proceeds. This fund will be used to account for resources from the 2004 voter approved bond for the capital improvement program.

**Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006**

General fund budgetary highlights

The final budget of the general fund increased the anticipated excess of revenues over expenditures by \$8.3 million in comparison to the original budget. The major adjustments to the budget are as follows:

- Increase to property taxes of \$749,000.
- Increase to state equalization of \$7.3 million due to higher pupil counts than anticipated.
- Increase in education of handicapped state revenue of \$213,100. This is additional revenue received from Referendum C passing in the fall of 2005.

The unreserved fund balance for the general fund at the end of the fiscal year is \$50,631,896. For budgetary purposes, however, the current available resources for the general fund can be computed as follows:

Fund balance-GAAP basis	\$ 72,096,438
Add: Effect of salaries earned but unpaid	<u>56,664,191</u>
Total fund balance (Budgetary basis)	\$128,760,629
Less reserved for: TABOR	15,941,062
Board of education contingency	11,409,178
School carry forward	9,250,000
Additional 2% reserve	3,300,000
Maintenance operations	4,000,000
School operations	<u>6,000,000</u>
Unreserved fund balance (Budgetary basis)	<u>\$ 78,860,389</u>

As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance (budgetary basis) and total fund balance (budgetary basis) to total fund expenditures. Actual budget basis expenditures of the general fund including other financing uses - transfers out amounted to \$570,494,672. Unreserved fund balance (budgetary basis) represents 14 percent of expenditures while total fund balance (budgetary basis) represents 23 percent of budget based expenditures. This is a percentage increase from the prior year of 5 percent for each.

Capital assets and debt administration

The District's investment in capital assets for its governmental and business-type activities as of June 30, 2006 increased to \$776,132,284 (net of accumulated depreciation). Capital assets include land, buildings, construction in progress, vehicles, and equipment.

Major capital events during the year include the following:

- Additions to construction in progress of \$86,308,661 which include: replacement of Dunstan Middle School, the new Al Meiklejohn Elementary school, and a major addition to Lakewood High school.
- Depreciation of \$57,017,193 for governmental activities and \$479,598 for business-type activities.

	Fiscal Year 2005		Fiscal Year 2006	
	Governmental Activities	Business-type Activities	Governmental Activities	Business-type Activities

Total assets:	<u>\$ 738,470,286</u>	<u>\$ 2,887,640</u>	<u>\$ 773,521,665</u>	<u>\$ 2,610,619</u>

Additional information on the District's capital assets can be found in note 7 on pages 58-60 of this report.

At June 30, 2006, the District had total bonded debt outstanding of \$664,553,474 backed by the full faith and credit of the District. Additionally, the District has long-term debt obligations for capital leases and certificates of participation in the amount of \$9,062,374 for governmental activities still outstanding at the end of the current fiscal year.

**Jefferson County School District, No. R-1
Management's Discussion and Analysis
As of and for the fiscal year ended June 30, 2006**

**Jefferson County Public Schools
General Obligation Bonds, Capital Leases and Certificates of Participation**

	Fiscal Year 2005			Fiscal Year 2006		
	Governmental Activities	Business-type Activities	Totals	Governmental Activities	Business-type Activities	Totals
General obligation bonds	\$ 700,940,289	-	\$ 700,940,289	\$ 664,553,474	-	\$ 664,553,474
Certificates of participation	9,825,000	-	9,825,000	8,700,000	-	8,700,000
Capital leases	<u>763,744</u>	<u>-</u>	<u>763,744</u>	<u>362,374</u>	<u>-</u>	<u>362,374</u>
Total outstanding long-term debt	<u>\$ 711,529,033</u>	<u>-</u>	<u>\$ 711,529,033</u>	<u>\$ 673,615,848</u>	<u>-</u>	<u>\$ 673,615,848</u>

The reduction in total outstanding long-term debt is due to retirements from annual principal payments.

The District maintains an “A1” rating from Moody’s and an “AA- stable” with Standard & Poor’s for general obligation debt.

State statutes limit the amount of general obligation debt that the District may issue. At the end of the current fiscal year, the legal debt limit was \$1,324,813,065 and the legal debt margin was \$717,883,323.

Additional information on the District’s long-term obligations can be found in notes 10 and 11 on pages 62-65.

General budgetary highlights and economic factors

For the 2006–2007 budget, the Board of Education established parameters to be met by the budget process. They determined that the budget would:

- Balance with available resources including revenues and reserves exceeding expenditures.
- Communicate any planned spend down of reserves.
- Identify evidenced –based results that increase student achievement.
- Comply with all state, federal, and local statutes and regulations.
- Support necessary capital improvements and maintain existing capital investments.
- Comply with relevant Executive Limitations.
- Be aware of public perception and expectations.
- Identify major resource reallocations.
- Identify all changes from the current year’s budget.
- Help meet performance and financial objectives.
- Consider reserve balances at the fund level and set appropriations to ensure positive reserves.
- Include adequate funding for internal controls and management of District assets.
- Ensure long-term financial impacts are considered when adding, modifying or eliminating District programs.

Several factors impact the Districts Adopted Budget and are considered when making budget assumptions; student funded counts declined by 564 FTE’s, salary and benefit costs increased and fuel and utility costs increased in fiscal year 2006. Revenue increases for 2006/2007 of \$9.3 million include assumptions for state funding and continued declining student enrollment. Expenditure increases of \$30.3 million include assumptions for salaries and benefits, energy costs, and continued declining student enrollment. The \$21 million overage of expenditures will be used as planned from the mill levy dollars received.

The budget cycle begins in July and ends in June with the Board adopting the budget. The cycle includes review of all program and department budgets to help establish the budget assumptions. Economic conditions are factored in with the demographic changes for the District. Budget workgroups that involve the community provide significant and valuable input to the process. An in depth perspective of the budget process is available in the adopted budget.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1
 Reconciliation of governmental funds balance sheet to statement of net assets
 June 30, 2006

Governmental funds total fund balances	\$	376,365,779
Add:		
Unearned property tax revenue: Revenues that do not provide current financial resources are unearned on the governmental fund financial statements but recognized on the government-wide financial statements.		7,612,069
Capital assets used in governmental funds are not considered current financial resources and, therefore, not reported in the governmental funds.		1,263,658,397
Net pension assets are not considered current financial resources, therefore, not reported in the governmental funds. The net pension asset is recorded in the current asset section on the prepaid expense line.		12,248,581
Internal service funds are used by management to charge costs of various activities to the general and other funds. The net assets of the internal service funds are included in the governmental activities statement of net assets.		15,883,298
Less:		
Accumulated depreciation is not recognized in the governmental funds because capital assets are expensed at the time of acquisition. Internal service funds include depreciation.		501,305,670
Long-term liabilities for general obligation debt, net of discounts and premiums (\$680,551,786), certificates of participation net of discounts and premiums (\$8,508,250), early retirement estimate (\$7,000,000), and compensated absences (\$2,441,991) are not due and payable in the current period and, therefore, not reported in the funds.		698,502,027
Interest payable on certificates of participation and general obligation debt is not recorded on the fund statements because it is not a current use of cash. Interest is accrued on the government-wide statements since the liability is to be paid in the near term.		1,470,331
Governmental activities net assets	\$	474,490,096

The notes to the financial statements are an integral part of this statement.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1
 Reconciliation of Revenues, Expenditures and Changes in Fund Balances (Deficit) of Governmental Funds to the
 Statement of Activities
 Fiscal year ended June 30, 2006

Governmental funds changes in fund balances	\$	(32,446,327)
Add:		
Unearned property tax revenue: Revenues that do not provide current financial resources are unearned on the governmental fund financial statements but recognized on the government-wide financial statements.		7,612,069
Principal retirements (net of amortization of discounts): Retirements of principal outstanding on the District's debt result in a reduction of accumulated resources on the fund financial statements. The government-wide statements show these reductions against the long-term liabilities.		38,306,009
Reverse the prior year interest payable accrued to offset current year expenditures.		1,552,969
Internal service funds are used by management to charge costs of various activities to the general and other funds. The net income of the internal service funds are included in the statement of activities.		7,228,656
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (governmental additions less construction in progress transfers \$88,677,884) exceeded depreciation (governmental additions \$54,111,842) in the current period.		34,566,042
Additional amount of long term compensated absences accrued for the current year.		42,179
Governmental funds report pension funding in excess of the annual required contribution as expenditures. However, in the statement of activities the cost of pension funding in excess of the annual required contribution should be reported as an asset.		417,964
Less:		
Loss on disposals: The net effect of transactions involving these capital assets is to reduce net assets.		1,066,438
Unearned property taxes of the prior year: Property taxes unearned in the prior year and received in the current year are recognized in the prior year net assets on the statement of activities.		7,150,618
Interest payable on certificates of participation and general obligation debt is not recorded on the fund statements because it is not a current use of cash. Interest is accrued on the government-wide statements since the liability is to be paid in the near term.		1,470,331
Increase in the early retirement long term liability		500,000
Governmental activities change in net assets	\$	47,092,174

The notes to the financial statements are an integral part of this statement.

Notes to Basic Financial Statements

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

June 30, 2006

1. Summary of significant accounting policies

The Jefferson County School District, No. R-1 (the District) was formed in 1950 when 39 independent districts were consolidated into a countywide district encompassing the 785 square miles of Jefferson County, Colorado. The District operates under an elected Board of Education with five members and provides educational services to approximately 84,500 students.

The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Jefferson County, Colorado. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

A) Reporting entity

Governmental Accounting Standards Board (GASB) Statement No. 14, "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

The District is not included in any other governmental "reporting entity" as defined in GASB No. 14. As required by accounting principles generally accepted in the USA, these basic financial statements present the District (the primary government) and its component units. The component units discussed below are included in the District's reporting entity because of the nature and significance of their operational or financial relationships with the District. None of the component units are considered to be a major fund.

Discretely presented component units - charter schools

The State of Colorado Legislature in 1993 enacted the "Charter School Act – Colorado Revised Statutes (CRS) Section 22-30.5-101." This Act permits the District to contract with individuals and organizations for the operation of schools within the District. The statutes define these contracted schools as "Charter Schools." Charter schools are financed from a portion of the district's school finance act revenues, property taxes and from revenues generated by the charter school, within the limits established by the Charter School Act. Charter Schools have separate governing boards; however, the Jefferson County School District's Board of Education must approve all Charter School applications and budgets. The Charter Schools are discretely presented component units as required by the Colorado Department of Education. Charter schools have the option to issue separate financial statements. Compass Montessori - Wheatridge, Free Horizon, Lincoln Academy, Rocky Mountain Academy of Evergreen and Rocky Mountain Deaf Schools did not issue separate statements for fiscal year 2005.

Blended component unit - Jefferson County School District Finance Corporation

The purpose of the Jefferson County School Finance Corporation (the Corporation) is to provide a mechanism to issue certificates of participation. Because the Board of Directors is appointed by the Board of Education and must obtain the Board of Education's approval for renovation and expansion decisions, issuance of debt, disbursements of funds, and any amendments to the articles of incorporation, the Corporation is considered to be a part of the District.

B) GASB statement No. 20

Under GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting", all business-type and enterprise funds continue to follow Financial Accounting Standards Board (FASB) standards issued on or before November 30, 1989. However, from that date forward, business-type and enterprise funds have the option of either 1) choosing not to apply future FASB standards (including amendments of earlier pronouncements), or 2) continuing to follow new FASB pronouncements (unless they conflict with GASB guidance). The District has chosen not to apply future FASB standards for all of its business-type and enterprise funds.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

C) Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the District and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds (General Fund, Bond Redemption Debt Service Fund, Capital Reserve Capital Projects Fund and Building Fund – Capital Projects) and individual enterprise funds (Food Services Fund, Child Care Fund and Property Management Fund) are reported as separate columns in the fund financial statements.

D) Measurement focus, basis of accounting, and financial statement presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's governmental and business-type activities and component units. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property and automotive ownership taxes are reported as receivables and unearned revenue when levied and as revenues when due for collection in the following year and determined to be available.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

Notes to Basic Financial Statements

The proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their statements of net assets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

E) Fund accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major funds presented in the accompanying basic financial statements are as follows:

• **Major governmental funds**

1. General fund – the general operating fund of the District; used to account for all resources that are not required legally or by sound financial management to be accounted for in another fund.
2. Bond redemption debt service fund - used to account for the accumulation of resources for, and the payment of, long-term general obligation debt principal, interest, and related costs.
3. Capital reserve capital projects - used to account for resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).
4. Building fund – Capital projects – used to account for resources to be used from the 2004 voter approved bond for a six-year capital improvement program.

• **Major proprietary funds-business-type activities**

Enterprise funds - used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Enterprise funds are considered major funds because of community interests in the activities and sources of funding supporting these operations.

1. Food services fund: This fund accounts for all financial activities associated with the District's school breakfast and lunch programs.
2. Child care fund: This fund accounts for all financial activities associated with the District's school-age child care, preschool, and extended day kindergarten classes.
3. Property management fund: This fund accounts for all financial activities associated with the District's facilities.

• **Internal service funds**

Internal service funds account for central services, employee benefits, insurance reserve, technology operations, and utility improvements (closed). These services are provided to other funds of the District on a cost reimbursement basis.

Notes to Basic Financial Statements

F) Cash and investments

The pooled cash concept is used whereby cash balances of each of the District's funds are pooled and invested in certain investments. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U. S. Treasury Obligations. The District records nonparticipating interest-earning investment contracts at cost. All other securities are recorded at fair value. It is the intention of the investment pool to maximize interest income, and securities are selected according to their risk, marketability, and diversification. Income earned or losses arising from the investment of pooled cash balances are allocated to the various funds based on their anticipated respective average periodic equity in pooled cash. For purposes of the statement of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

G) Restricted cash

Certain assets of the Capital Reserve Capital Projects, Building Fund – Capital Projects and Component Units are classified as restricted because their use is restricted to liabilities relating to deposits and capital leases.

H) Receivables

Property taxes levied in 2005 but not yet collected in 2006 are identified as property taxes receivable and unearned revenues at June 30, 2006, and are presented net of an allowance for uncollectable taxes. Intergovernmental receivables of \$9,276,132 include amounts due from grantors for specific program grants. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred. As of June 30, 2006, the District had \$8,466,299 and \$838,405 due from the Federal and State government, respectively, reflected as intergovernmental receivables in the accompanying basic financial statements.

I) Inventories and prepaid items

Materials and supplies inventories are stated at average cost. Inventories recorded in the Food Services Fund consist of purchased and donated commodities. Purchased inventories are stated at average cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt. The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed. Fund balance is reserved for the inventory balances as follows: General Fund - \$1,252,449 and Special Revenue Funds - \$377,376.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The General Fund balance is reserved for prepaid items of \$145,155.

J) Capital assets

Capital assets, which include property, vehicles and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

The monetary threshold for capitalization of assets is \$5,000. The District's capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets. Depreciation of all capital assets used by proprietary funds is charged as an expense against their operations. No depreciation is recorded in the year of acquisition with the remaining depreciation being recorded in the year of disposition. Estimated useful lives are:

Motor vehicles	5 to 7 years
Equipment, built-in	8 to 20 years
Equipment, movable	3 to 20 years
Buildings and improvements	30 to 40 years

K) Liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. The District records long-term debt of governmental funds at the face value. Currently, the District has no zero coupon bonds. The District's general obligation bonds are serviced from property taxes and other revenues of the Debt Service Fund. Capital leases are serviced from property taxes and other revenues of the Capital Reserve Fund and component units. The long-term accumulated unpaid vacation, accrued sick and personal leave, and estimated liability for insurance claims (note 13) are serviced from property taxes and other revenues by the respective fund type from future appropriations.

L) Constitutional amendment

In November 1992, Colorado voters approved Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations, which apply to the State of Colorado and local governments. It requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of an expiring tax, or tax policy change directly causing a net tax revenue gain to any entity.

On November 2, 1999, the District conducted a TABOR revenue and expenditure override election and the Jefferson County voters approved the measure exempting the District from the TABOR revenue and expenditure limits. Management believes it is in compliance with the provisions of TABOR. However, the provisions are complex and subject to interpretation. Many of the provisions may require judicial interpretation.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future years. TABOR requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be three percent or more of fiscal year spending (excluding bonded debt service). As of June 30, 2006, for budgetary purposes the District reserved \$18,495,219 (\$15,941,062 in the General Fund, \$726,048 in the Campus Activity Special Revenue Fund, \$106,131 in the Capital Reserve Fund, \$388,795 in the Food Service Enterprise Fund, \$262,028 in the Child Care Enterprise Fund, \$58,690 in the Property Management Enterprise Fund, \$2,077 in the Central Services Internal Service Fund, \$34,278 in the Employee Benefits Internal Service Fund, \$17,763 in the Insurance Reserve Internal Service Fund, \$13,460 in the Technology Internal Service Fund and \$944,887 in the Component Units Charter Schools) for this purpose.

M) Property taxes

Under Colorado law, all property taxes are due and payable in the year following the year levied. The property tax calendar for Jefferson County was as follows:

Levy date	December 2
Lien date	January 1
Tax bills mailed	January 1
First installment due	February 28
Second installment due	June 15
If paid in full, due	April 30

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

N) Accumulated sick and personal leave and vacation

District policy allows unlimited accumulation of sick and personal leave, and accumulation of vacation to a maximum of 40 days. Accrued vacation is paid to employees upon termination of employment. Payment for unused sick and personal leave days is made upon meeting eligibility requirements at the rate of .0015 times annual rate of pay times accumulated days. Each fund liquidates the accrued vacation, personal and sick leave for its respective liabilities.

As of June 30, 2006, accumulated unused benefits are as follows:

Fund Types	Accumulated Vacation		
	Current (Due within one year)	Long-term	Total
<i>Governmental:</i>			
General	\$ 1,144,088	\$ 2,288,211	\$ 3,432,299
Special revenue	18,952	37,903	56,855
Capital projects	<u>57,938</u>	<u>115,877</u>	<u>173,815</u>
	<u>1,220,978</u>	<u>2,441,991</u>	<u>3,662,969</u>
<i>Proprietary:</i>			
Enterprise	70,587	141,177	211,764
Internal service	<u>226,363</u>	<u>452,732</u>	<u>679,095</u>
	<u>296,950</u>	<u>593,909</u>	<u>890,859</u>
Total	<u>\$1,517,928</u>	<u>\$ 3,035,900</u>	<u>\$ 4,553,828</u>

A summary of changes in accumulated long-term vacation is as follows:

Fund	Balance July 1, 2005	Additions	Deletions	Balance June 30, 2006
General	\$ 2,347,534	\$ 438,341	\$ (497,664)	\$ 2,288,211
Special revenue	48,074	12,756	(22,927)	37,903
Capital projects	88,562	39,119	(11,804)	115,877
Enterprise	79,299	82,383	(20,505)	141,177
Internal service	<u>402,379</u>	<u>107,817</u>	<u>(57,464)</u>	<u>452,732</u>
	<u>\$ 2,965,848</u>	<u>\$ 680,416</u>	<u>\$ (610,364)</u>	<u>\$ 3,035,900</u>

Accumulated vacation pay is recorded as accrued salaries, benefits and compensated absences with the current portion reported as current liabilities in the government-wide financial statements. The long-term portion is included in the District's long-term liabilities in the government-wide financial statements.

O) Fund equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

2. Reconciliation of government-wide and fund financial statements

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. Additionally, the governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities.

These reconciliations detail items that require adjustment to convert from the current resources measurement and modified accrual basis for governmental fund statements to the economic resources measurement and full accrual basis used for government-wide statements. However, certain items having no effect on measurement and basis were eliminated from the government fund statements during the consolidation of governmental activities.

Due to the general fund from other funds – fund statements	\$ 4,655,626
Elimination of governmental and internal service interfund activity	<u>(4,604,045)</u>
Due to the general fund from component units – governmental activities	<u>\$ 51,581</u>

3. Budgetary information

The District follows these procedures in establishing the budgetary data reflected in the basic financial statements:

1. Within the third quarter of the fiscal year, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings and citizen reviews are conducted at special meetings and at regular Board of Education meetings to obtain taxpayer comments.
3. Prior to June 30, the budget is legally adopted by the Board of Education.
4. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Capital Projects Funds, Debt Service Fund, Proprietary Funds, and Internal Service Funds.
5. The District issues a separate budget document after it is approved by the Board of Education.

Budgets are adopted on a basis consistent with generally accepted accounting principles except that expenditures for budgetary purposes exclude amounts for salaries and benefits earned but unpaid and the accrual for compensated absences for the Governmental Fund types except for the Grants Fund (see note 4).

Colorado Budget Law requires that all funds have legally adopted budgets and appropriations. The total expenditures for each fund may not exceed the amount appropriated. Appropriations for a fund may be increased if unanticipated revenues offset them. Where applicable, the Board of Education includes available fund balance in the amount appropriated in the annual Appropriations Resolution.

All appropriations lapse at the end of each fiscal year. Authorization to transfer budgeted amounts between programs and/or departments within any fund and the reallocation of budget line items within any program and/or department rests with the superintendent and may be delegated to an appropriate level of management. Revisions and/or supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Education.

Budgetary amounts reported in the accompanying basic financial statements are as originally adopted and amended by the Superintendent and/or the Board of Education throughout the year.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

Individual amendments in the General Fund were not material in relation to the original appropriation. The budget for the Grants Fund includes the adopted budget and additional expenditures and grants approved by the Board of Education. The budget and actuals for the Proprietary Funds and Internal Service Funds at June 30, 2006 are as follows:

	<u>Budget</u>	<u>Actuals</u>	<u>Variance</u>
Food services fund	\$ 20,854,800	\$19,742,977	\$1,111,823
Child care fund	10,621,800	11,031,356	(409,556)
Property management fund	1,584,450	1,125,385	459,065
Central services fund	3,384,900	3,201,967	182,933
Employee benefits fund	64,060,800	58,527,050	5,533,750
Insurance reserve fund	6,799,570	6,596,892	202,678
Technology fund	13,640,600	12,255,582	1,385,018
Utility revolving fund	423,300	217,314	205,986

4. Budget/GAAP reporting differences

The accompanying statement of revenues, expenditures, and changes in fund balance (deficit) for the general fund budget and actual has been prepared on a legally prescribed basis of accounting, which differs from GAAP. The following Expenditure (excluding other financing uses) and Fund Balance Schedules identify these differences for the governmental activities, business-type activities and component units:

<u>Expenditure Schedule</u>	Expenditures Reported on a GAAP Basis	Effect of: Salaries and Benefits Earned but Unpaid	Compensated Absences	Expenditures Reported on a Budget Basis
Governmental Fund Type				
General fund	<u>\$ 540,894,184</u>	<u>\$ (1,324,626)</u>	<u>\$ 26,794</u>	<u>\$ 539,596,352</u>
Capital reserve fund	<u>\$ 13,182,916</u>	<u>\$ -</u>	<u>\$ (13,658)</u>	<u>\$ 13,169,258</u>
Component units (charter schools):				
Collegiate Academy of Colorado	\$ 3,730,567	\$ (19,838)	-	\$ 3,710,729

Total component units	<u>\$ 8,442,373</u>	<u>\$ 1,144,859</u>	<u>\$ 9,587,232</u>

Salaries of teachers and certain other employees are paid over a 12-month period ending August 31; however, most salaries are earned over the traditional school year of September through May. For financial reporting purposes, these salaries have been recorded as expenditures of the District in the year earned rather than the year paid.

Salaries and benefits earned but unpaid at June 30, 2006, including accrued vacation pay, are not required to be funded by Colorado State law. Accordingly, for budgetary purposes, the District considers accrued salaries, benefits and compensated absences amounting to \$56,664,191 to be permanently deferred and therefore available for budgetary purposes.

5. Excess expenditures over appropriations and deficit fund equity

As of June 30, 2006, three Component Unit Charter Schools had accumulated deficits of \$192,092. The charter schools review their budgets with management and are monitored closely.

The District exceeded Board-approved appropriation budgets in the Building Fund – Capital Projects and the Child Care proprietary fund. The difference is as follows:

Fund	Appropriation	Expenditure	Variance
Building Fund – Capital Projects	\$78,416,800	\$80,166,445	\$(1,749,645)
Child Care Fund	10,621,800	11,031,356	(409,556)

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

6. Deposits and investments

Deposits:

The District investment policies are approved by the Board of Education and governed by Colorado statute. The discretely presented component unit's investment policies are approved by their respective Boards and governed by Colorado statute. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories; state regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds. The pool is to be maintained by another financial institution or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District and the discretely presented component units do not have a deposit policy for custodial credit risk. As of June 30, 2006, \$3,476,797 of the District and the discretely presented component unit's bank balance of \$3,788,303 were exposed to custodial credit risk. Deposits exposed to credit risk of \$3,476,797 are collateralized with securities held by the pledging financial institution through PDPA.

Cash held in trust:

As of June 30, 2006 the District had \$4,436,453 held in trust. Jefferson County collects the property taxes for the District and holds the funds in trust until sent to the District monthly.

Investments:

As of June 30, 2006, the District had the following investments. Investments held in the guaranteed investment contract are not a part of pooled cash until drawn. All other deposits and investments are internally pooled to maximize investment safety, liquidity, and interest yield.

<u>Investments</u>	<u>Maturities</u>	<u>Fair Value</u>
JP Morgan (Flex Repo Agreement)	02/01/2008	\$ 40,760,385
Colorado Surplus Asset Fund Trust (external investment pool)	Weighted average under 60 days	52,162,736
Smith Barney Citigroup (money market)	Dollar average under 90 days	2,583,840
Colotrust (external investment pool)	Less than 1 year	138,265,656
Bank One – JP Morgan (forward delivery agreement)	12/15/2017	56,039,529
MBIA (U.S Treasuries)	Weighted average of 171 days	2,547,620
MBIA (U.S. Instrumentality)	Weighted average of 715 days	9,904,723
MBIA (Commercial Paper)	Weighted average of 26 days	5,285,749
U.S. Bank (Repurchase agreement)	Overnight Sweep	5,381,503
FSA Capital Management Services (Guaranteed Investment Contract)	06/04/2008	186,484,213
Total Investments:		\$ 499,415,954

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

Interest rate risk - The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value loss resulting from increasing interest rates. The Colorado revised statute 24-75-601 limits investment maturities to five years or less without governing board approval.

Forward delivery agreements – The agreement with JP Morgan has a maturity date of December 15, 2017, but the District has the option of canceling the agreement prior to that date. The District has received interest in advance on the investment which is recorded in deferred revenue in the General Fund. If the District cancelled the agreement prior to the December 15, 2017 date, an amount calculated at that date would be returned to JP Morgan.

Credit risk - State law allows school districts to invest U.S. treasury securities and other securities guaranteed by the full credit of the U.S. Treasury without any credit quality limitations. Securities issued by the Government National Mortgage Association and by Federal Government Sponsored Enterprises require the highest rating by at least two nationally recognized rating agencies. Money market instruments including bankers acceptances and commercial paper must be rated A-1, P-1, or F-1, or the equivalent by at least two nationally recognized rating agencies. State law allows other securities, including money market funds that are registered under the Federal Investment Company Act of 1940, if they have assets in excess of \$1 billion or have the highest credit rating from one or more of a nationally recognized rating agency. Colorado Surplus Asset Fund Trust (CSAFE) and Colorado Local Government Liquid Asset Trust (Colotrust) are rated AAAM by Standard & Poors. These local government investment pools are regulated by the Colorado Division of Securities and they maintain a constant net asset value of \$1.00. Smith Barney Citigroup is not rated. MBIA is rated AAA by Standard & Poors and Aaa by Moody's. The commercial paper at MBIA is rated A1 by S&P and P1 by Moody's. The FSA Capital Management Guaranteed Investment Contract is not rated but the provider must maintain a rating of Aaa by Moody's and AAA by Standard & Poors.

Concentration of Credit Risk – The District places no limit on the amount the district may invest in any one issuer. More than 5 percent of the district's investments are in the JP Morgan (flex repo agreement) which holds FHA securities, JP Morgan (forward delivery agreement) which holds FNMA and FHLMC securities and FSA Capital Management Services guaranteed investment contract. These investments are 8 percent, 12 percent and 37 percent, respectively, of the District's total investments.

7. Capital assets

A summary of changes in capital assets is as follows:

Governmental Activities

	Balance <u>June 30, 2005</u>	<u>Additions</u>	<u>Deletions</u>	Balance <u>June 30, 2006</u>
Non-depreciable assets:

Notes to Basic Financial Statements

Discretely presented component units

A summary of changes in Component unit charter schools capital assets is as follows:

	<u>Balance</u> <u>July 1, 2005</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2006</u>
Non-depreciable assets:				
Land	\$ 2,898,719	-	-	\$ 2,898,719
Construction in progress	<u>3,089,443</u>	<u>\$ 2,508,445</u>	-	<u>5,597,888</u>
Total Non-depreciable assets:	<u>\$ 5,988,162</u>	<u>\$ 2,508,445</u>	-	<u>\$ 8,496,607</u>
Depreciable assets:				
Buildings and equipment	\$ 24,021,794	\$ 175,892	\$ (22,501)	\$ 24,175,185
Accumulated depreciation	<u>(1,994,483)</u>	<u>(1,200,698)</u>	<u>10,118</u>	<u>(3,185,063)</u>
Total	<u>\$ 28,015,473</u>	<u>\$ 1,483,639</u>	<u>\$ (12,383)</u>	<u>\$ 29,486,729</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:

Direct instruction	\$ 40,746,579
Indirect instruction	7,371,517
Field services	3,794,087
Support services	100,778
General administration	139,823
District-wide (Non-departmental)	1,959,058
Capital assets held by the District's internal service funds	<u>2,905,351</u>
Total depreciation expense – governmental activities	<u>\$ 57,017,193</u>

Business-type activities:

Food services	\$ 299,169
Child care	41,255
Property management	<u>139,174</u>
Total depreciation expense – business-type activities	<u>\$ 479,598</u>

Construction commitments

The District has active construction projects as of June 30, 2006. The projects include renovations and site improvements. At year end, commitments with contractors on all projects are too numerous to list. All accumulated resources for capital projects are reserved for construction commitments. A list of significant commitments as of June 30, 2006 are as follows:

	<u>Spent-to-Date</u>	<u>Remaining</u> <u>Commitment</u>
Arvada West HS Replacement Site	\$2,028,573	\$24,403,384
Lakewood HS Addition	9,248,167	20,362,782
Chatfield HS Addition Site	5,909,886	20,349,616
Bear Creek K-8 Replacement	6,343,038	10,673,825
Hackberry Hill ES Replacement	1,122,858	5,060,762
Fairmount ES Remodel/Renovation	1,825,009	3,903,063
Ralston Valley HS Addition	4,886,781	3,078,210

Wheat Ridge HS Remote Site Develop	759,887	2,346,268
Dunstan MS Replace Facility Site	17,781,072	1,134,117

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

8. Interfund receivables and payables

The following identifies amounts due to and from individual funds at June 30, 2006:

Fund	Due To	Due From
General fund	\$ 4,604,045	-
Governmental fund:		
Bond Redemption Debt Service	-	\$ 1,550
Capital Reserve Capital Projects	983,341	-
Building Fund Capital Projects	-	983,341
Special revenue fund:	-	
Grants	-	3,329,400
Internal service fund:		
Technology	-	<u>1,273,095</u>
	<u>\$5,587,386</u>	<u>\$5,587,386</u>

Internal services internal balances with the general government are not included in the total for the statement of net assets (see note 2). Interfund balances are used to account for the pooled cash investing of the District.

9. Transfers

The District transfers amounts from the General Fund to other funds to meet their operational needs and legal requirements. At June 30, 2006 the detail for these transfers is as follows:

General Fund Transfers

Capital reserve fund	<u>\$ 18,708,000</u>
Net transfers within the governmental funds	<u>18,708,000</u>
Child care fund	2,333,020
Insurance reserve fund	5,607,300
Employee benefits fund	3,000,000
Technology fund	<u>1,250,000</u>
Net transfers into the proprietary funds	<u>12,190,320</u>
Total transfers out from the General fund	<u>\$ 30,898,320</u>

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

10. Capital leases and certificates of participation

The 2003 COP's were issued to purchased new school buses for the District. The buses were used as collateral in the COPs Series 2003 which are also included in the District's capital assets. The net book value at June 30, 2006 was \$9,862,941.

The District has entered into several capital lease agreements for the purchase of copiers and computers. The lease terms are generally three to five years with interest ranging from 4.65 percent to 8 percent. Certificates of participation terms are ten years with interest ranging from 2 percent to 3.75 percent. Certificates of participation and capital lease obligations for the fiscal year ended June 30, 2006, are comprised of the following:

	Balance <u>July 1, 2005</u>	<u>Additions</u>	<u>Retirements</u>	Outstanding <u>June 30, 2006</u>	<u>Current Portion</u>
<u>Governmental activities</u>					
Bus – 2003 COP's	\$ 9,825,000	-	\$ (1,125,000)	\$ 8,700,000	\$ 1,145,000
Less deferred amounts:					
For issuance costs	<u>(221,250)</u>	<u>-</u>	<u>29,500</u>	<u>(191,750)</u>	<u>-</u>
Total COP's	<u>\$ 9,603,750</u>	<u>-</u>	<u>\$ (1,095,500)</u>	<u>\$ 8,508,250</u>	<u>\$ 1,145,000</u>
Internal service funds – capital leases:					
Copiers	\$ 213,643	-	\$ (161,386)	\$ 52,257	\$ 52,257
Computers	523,433	-	(213,316)	310,117	153,587
Utility lighting retro-fit	<u>26,668</u>	<u>-</u>	<u>(26,668)</u>	<u>-</u>	<u>-</u>
Subtotal - Internal service funds	<u>763,744</u>	<u>-</u>	<u>(401,370)</u>	<u>362,374</u>	<u>205,844</u>
Governmental activity long-term liabilities	<u>\$ 10,367,494</u>	<u>-</u>	<u>\$ (1,496,870)</u>	<u>\$ 8,870,624</u>	<u>\$ 1,350,844</u>
<u>Component unit activities:</u>					
Component units – Buildings/Capital leases	\$ 38,270,000	\$ 7,610,000	\$ (7,270,000)	\$ 38,610,000	\$ 665,000
Less deferred amounts:					
For issuance costs	<u>(1,461,218)</u>	<u>(1,171,891)</u>	<u>473,298</u>	<u>(2,159,811)</u>	<u>-</u>
Total Component unit capital lease	<u>\$ 36,808,782</u>	<u>\$ 6,438,109</u>	<u>\$ (6,796,702)</u>	<u>\$ 36,450,189</u>	<u>\$ 665,000</u>
Component Units - Promissory notes	<u>\$ 445,025</u>	<u>\$ 260,192</u>	<u>\$ (218,681)</u>	<u>\$ 486,536</u>	<u>\$ 170,805</u>

In fiscal year 2006, Excel Academy charter school (a component unit) refunded the 2003 capital lease with a 2005 capital lease, realizing an economic gain (difference between the present values of the old and new debt service payments) of \$975,067.

For financial reporting purposes, the District follows the requirements of FASB Statement No. 13; i.e., under certain circumstances, for capital leases, the present value of future minimum lease payments should be shown as a liability and related assets should be capitalized in the basic financial statements. It is the expectation that the leases will be renewed annually until title to the related property is acquired pursuant to the leases.

The assets acquired through capital leases excluding COP's and Component Units are as follows:

Asset:	
Equipment and vehicles	\$ 1,119,863
Less: Accumulated depreciation	<u>(691,856)</u>
Total:	<u>\$ 428,007</u>

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

Certificates of Participation (COPs) and capital leases have the following minimum annual lease payments:

Total	<u>\$ 664,553,474</u>	<u>\$ 303,512,307</u>

The Series 2003 Registered Coupons were issued June 1, 2003 in the amount of \$2,230,000. The Coupons do not constitute a general obligation or other indebtedness of the District under Colorado statute, but have been reflected as long-term debt under generally accepted accounting principles in the financial statements.

The bonds are secured by the District's covenant to certify a rate of levy sufficient to meet the principal and interest payments with respect to the bonds.

Payment of principal and interest for general obligation bonds is made from the Bond Redemption Fund. The legal debt limit and debt margin as of June 30, 2006, are \$1,324,813,065 and \$717,883,323, respectively. The District is in compliance with the legal debt limit.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

12. Defeased debt

In prior years, the District has issued bonds for the purpose of refunding portions of the 1998A bonds. The proceeds of these bonds were placed in an irrevocable trust to provide the future debt service payments on the old bonds. The trust account assets and the liabilities for the defeased bonds are not included in the District's basic financial statements. At June 30, 2006 the defeased debt and respective assets and liabilities are as follows:

<u>Refunding Series</u>	<u>Amount Financed</u>	<u>Escrow Disbursement Completion</u>	<u>Assets in Trust</u>	<u>Principal Outstanding</u>
2003	\$48,310,000	December, 2008	\$50,058,159	\$48,310,000
2004	64,450,000	December, 2008	67,612,044	64,450,000
2005	40,325,000	December, 2008	41,857,102	40,325,000

13. Risk management

The Employee Benefits Fund and Insurance Reserve Fund are provided to maintain and to account for insurance reserves on a self-insurance basis and other benefits provided to employees. The Insurance Reserve Fund was established in 1981 by the Colorado Legislature to provide insurance reserves to fund certain liability, property and workers' compensation claims, including estimates for incurred but not reported claims, premiums and applicable administrative costs. The Insurance Reserve Fund allows the District to manage its exposure to risk, i.e., loss of assets by fire, weather, etc., loss through third party litigation, and obligations based on statutory requirements imposed by the Workers' Compensation Act. This is accomplished by self-insuring the retention of risk and the purchase of excess insurance coverage.

The District retains the first \$100,000 of any property loss, the first \$500,000 of auto and general liability losses, the first \$500,000 of workers' compensation losses, and the first \$500,000 of errors and omissions claims. In order to minimize expenditures for self-insured losses and for excess premiums, the District adjusts its own workers' compensation claims and manages the handling of all other claims.

The District manages a loss control program and maintains a security system, which provides for around-the-clock computerized monitoring of District facilities for intrusion and fire.

The cost of Insurance Reserve Fund claims and premiums are recorded when incurred. Estimates for unsettled and incurred but not reported claims in the amount of \$6,143,810 are included as an estimated liability in the Insurance Reserve Fund as of June 30, 2006. Claim liabilities are calculated considering the effects of inflation and claim settlement trends that include such factors as pay-out amounts and economic and social indicators. The incurred but not reported amount was calculated by the Mercer Firm at the request of the District. It is contained in the Unpaid Loss and Allocated Loss Adjustment Expense Reserve Review as of June 30, 2006 for Jefferson County School District.

The change in the Insurance Reserve Fund estimates for unsettled and incurred but not reported claims are:

Balance July 1, 2005	\$ 5,695,659
Increase (Decrease) in estimated claims:	
Estimated property claims	84,926
Errors and omissions claims	(93,879)
Automobile claims	(40,328)
General liability claims	(23,308)
Workers' compensation claims	<u>520,740</u>
Balance June 30, 2006	<u>\$ 6,143,810</u>

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

The following is a reconciliation of changes in the aggregate liabilities for claims for the current fiscal year and the prior fiscal year:

	<u>2005</u>	<u>2006</u>
Amount of claims liabilities at July 1	\$ 5,242,832	\$ 5,695,659
Incurred claims and change in reserve	4,358,405	4,629,956
Payments on claims	<u>(3,905,578)</u>	<u>(4,181,805)</u>
Amount of claims liabilities at June 30	<u>\$ 5,695,659</u>	<u>\$ 6,143,810</u>

The Employee Benefits Fund was established in 1984 to account for the District's previous self-insured medical plan and retired paid-up life insurance programs for eligible employees, retirees, dependents, and other approved individuals. On January 1, 1995, the self-insured medical plan was replaced with a third-party insured medical plan, no claims are outstanding on the old self-insured medical plan as of June 30, 2006. The Employee Benefits Fund is reimbursed by the other funds based on predetermined rates or allowances. Included in the current liability total in the Employee Benefits Fund is \$705,100 and \$123,700 to cover the estimated cost of claims incurred but not paid or reported as of June 30, 2006, related to the District's self-insured dental and vision plans respectively and \$6,914,818 for medical insurance and other benefit premiums.

	<u>2005</u>	<u>2006</u>
Amount of claims liabilities at July 1	\$ 842,500	\$ 841,700
Incurred claims and change in reserve	5,257,859	5,193,536
Payments on claims	<u>(5,258,659)</u>	<u>(5,206,436)</u>
Amount of claims liabilities at June 30	<u>\$ 841,700</u>	<u>\$ 828,800</u>

14. Commitments and contingencies

A number of claims are presently pending against the District, but management believes final settlement of these matters will not result in any material adverse effect on the financial operations of the District. The District receives revenues from various federal and state grant programs subject to final review and approval as to allowability of expenditures by the respective grantor agencies. District management believes that disallowances, if any, will be immaterial to the basic financial statements. From time to time, the District enters into long-term construction contracts for which future commitments may exist.

15. Pension plan

All District full-time employees are members of the Public Employees' Retirement Association of Colorado (PERA). The District contributes to the Combined State and School Division Trust Fund (CSSDTF) within PERA. PERA administers this cost-sharing multiple-employer defined benefit plan (the Plan). Title 24, Article 51 of the Colorado Revised Statutes (CRS), as amended, assigns the authority to establish benefit provisions to the State Legislature. PERA issues a publicly available annual financial report that includes financial statements and required supplementary information for the CSSDTF. That report may be obtained by writing to Colorado PERA, 1300 Logan Street, Denver Colorado 80203 or by calling PERA at 303-832-9550 or 1-800-759-PERA (7372).

Plan members and the District are required to contribute to the CSSDTF at a rate set by statute. The contribution requirements of plan members and the District are established under Title 24, Article 51, Part 4 of the CRS, as amended. The contribution rate for members is 8.0 percent and for the District it is 10.65 percent. Also, a portion of the District's contribution (1.02 percent of covered salary) is allocated for the Health Care Trust Fund (see below). The District's contributions to CSSDTF for the years ending June 30, 2004, 2005 and 2006 were, \$40,450,862, and \$43,416,334, and \$45,816,817 respectively, equal to their required contributions for each year.

The District also contributes to the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer postemployment healthcare plan administered by PERA. The Health Fund provides a health care premium subsidy to PERA participating benefit recipients and their eligible beneficiaries. The District is required to contribute at a rate of 1.02 percent of covered salary for all PERA members as set by statute. No member contributions are required. The contributions requirements for the District are established under Title 24, Article 51, Part 4 of the CRS, as amended. The apportionment of the contribution to the HCTF is established under Title 24, Article 51, Section 208 of the Colorado Revised Statutes, as amended. The District's contributions to HCTF for the years ending June 30, 2004, 2005 and 2006 were \$4,383,832, \$4,361,922, and \$4,419,565 respectively, equal to their required contributions for each year.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

Additionally, Trust members for the District may voluntarily contribute to the Voluntary Investment Program (VIP), an internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Plan participation is voluntary and contributions are separate from others made to PERA. Statutes have assigned the State Legislature the authority to establish VIP plan provisions. The 401(k) Plan is funded by voluntary member contributions of up to a maximum limit set by the IRS (\$13,000 in 2004, \$14,000 in 2005, and \$15,000 in 2006).

16. Early, supplemental and post retirement benefits

Plan Description - On October 15, 1998, the District obtained approval from the Board of Education (the Board) to revise its early retirement plan. Subsequently, the Board adopted the Supplemental Retirement Plan effective August 31, 1999 and amended and restated the plan effective December 9, 1999 and adopted an amendment on June 15, 2006. The supplemental retirement plan is a single employer defined benefit plan qualified under Section 401(a) of the Internal Revenue Service Code. Covered employees are those that were actively employed in full-time or approved job-share positions by the District on August 31, 1999, and certain employees who were on an authorized unpaid leave of absence on August 31, 1999 which leave did not exceed 39 months for certified employees and administrators and 36 months for classified and other employees as of August 31, 1999. A participant reaches normal retirement date when he or she has attained 55 years of age and has completed 20 years of service. An employee may elect early retirement if he or she has have attained 20 years of service and is age 50. The monthly-accrued benefit that an employee may receive is .257 percent of monthly 1999 base salary multiplied by years of service as of August 31, 1999 up to a maximum of 20 years. The monthly benefit is payable as a life annuity with three optional forms of payment: 100 percent Joint and Survivor Annuity, 50 percent Joint and Survivor Annuity, 10-Year Certain Payment Only. The Life Annuity, the 100 percent Joint and Survivor Annuity and the 50 percent Joint and Survivor Annuity will not be available to employees who elect to retire after the January 16, 2007 application deadline. In 2006, the plan was amended to allow a fourth optional form of payment, available to individuals retiring in that year. The Board approves funding of the plan each year with the budget adoption. The plan financials are available from Key Bank. To obtain a copy, contact Key Bank at 1674 Broadway, Suite 300, Denver, Colorado 80202, or telephone 720-904-4321.

Funding Policy – The Plan and each obligation of the District hereunder are subject to and contingent upon funds being budgeted and appropriated for such purpose prior to the beginning of each applicable fiscal year of the District in accordance with the requirements of Article X, Section 20 of the Colorado State Constitution and any other existing or future constitutional or statutory provision that may apply.

Annual pension cost and net pension obligation (asset) – The District’s annual pension cost and net pension asset from the plan for the current year were as follows:

Annual required contributions (ARC)	\$ 3,577,818
Contributions made for fiscal year 2006	<u>3,856,788</u>
Increase in net pension obligation (Asset)	(278,970)
Interest on net pension obligation	(1,035,179)
Adjustment on annual required contribution	896,185
Net pension asset, beginning of year	<u>(11,830,617)</u>
Net pension asset, end of year	<u>\$ (12,248,581)</u>

The annual required contribution for the current year was determined as part of the September 1, 2005 actuarial valuation prepared by Mercer Human Resource Consulting, using the traditional unit credit actuarial cost method and a level dollar amortization method for a 40 year open period. The actuarial assumptions include (a) 7.75 percent investment rate of return for August 31, 2005, and later, 8.75 percent before August 31, 2005, (b) inflation at 2.5 percent, and no projected salary or cost of living increases. The actuarial value of assets was equal to market value. The net pension asset is recorded as prepaid expense in the government-wide statements.

Trend information –

Fiscal Year Ended	Annual Pension Cost (APC)	Actual Contributions	Percentage of APC Contributed	Net Pension Obligation (Asset)
August 31, 2003	\$3,395,114	\$4,290,423	127.7%	\$ (12,063,914)
August 31, 2004	3,584,562	3,351,265	94.5	(11,830,616)
August 31, 2005	3,438,824	3,856,788	107.8	(12,248,581)

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Basic Financial Statements

Schedule of funding progress

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Covered Payroll	UAAL as a % of Covered Payroll
August 31, 2003	\$17,704,428	\$57,918,504	\$40,214,076	30.6%	\$189,293,462	21.2%
August 31, 2004	18,333,937	58,094,029	39,760,092	31.6	158,996,444	25.0
August 31, 2005	19,754,373	66,985,446	47,231,073	29.5	149,593,414	31.6

Payment of unused sick and personal leave in the amount of \$2,442,457 was paid to 232 early retirees in fiscal year 2006. The Board has appropriated \$7,000,000 for its early retirement programs to be paid in Fiscal year 2007. It is anticipated expenditures for health/group life and sick/personal leaves for Fiscal year 2007 will be \$2,354,269. The remaining \$4,645,731 will be paid to the supplemental retirement program.

A District-paid \$2,000 life insurance policy is provided each retiree upon reaching age 65 and is accounted for through a retired life insurance program in the Employee Benefits Fund.

17. Prior period adjustment

A prior period adjustment was made to beginning net assets to record \$330,696 of bond premiums associated with Woodrow Wilson Academy (a component unit of Jeffco Public Schools) debt issuance in fiscal year 2005. The result of this adjustment decreased the beginning net assets of Woodrow Wilson Academy from \$691,600 to a restated balance of \$360,904. The aggregate discretely presented component units beginning balance was decreased from a beginning balance of \$(81,386) to \$(412,082) as a result of this adjustment.

Supplemental Information

The Combining Financial Statements represent the second level of financial reporting for the District. These financial statements present more detailed information for the individual funds in a format that segregates information by fund type.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds account for revenues that are legally restricted to expenditures for specified purposes.

Grants Fund – This fund is used to account for federal, state, or private sector grant programs.

Campus Activity Fund – This fund is used to account for revenues collected on behalf of the participants who will benefit from the expenditures.

Major Governmental Funds

Bond Redemption Debt Service

Bond Redemption Debt Service Fund – This fund is used to account for the accumulation of resources for, and the payment of, long-term general obligation debt principal, interest, and related costs.

Capital Projects

Capital Reserve Capital Projects Fund – This fund is authorized by Colorado School Law and is used to fund ongoing capital needs such as site acquisition, building additions and equipment purchases.

Building Fund – Capital Projects – This fund is used to account for resources from the 2004 voter approved bond for a six-year capital improvement program.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments and schools on a cost-reimbursement basis.

Central Services Fund – This fund accounts for costs of operations to various users. Costs of operations include all direct costs plus depreciation, space rental, utilities, interest, and maintenance costs. Programs include: Copier, Printing, and Equipment Repair.

Employee Benefits Fund – This fund manages the current medical plans, and the life and retired life insurance programs.

Insurance Reserve Fund – This fund is authorized by state law to allow the District to maintain an insurance reserve for self-insurance purposes and to fund liability, workers' compensation, and property insurance premiums.

Technology Fund – This fund is used to allocate the costs for the various technology-related activities to schools and departments.

Utility Revolving Fund – This fund is used to self-fund energy saving capital improvements with the savings achieved from the improvements combined with rebates provided by the Public Service Company Demand Site Management program. This fund was closed at the end of fiscal year 2006.

Statistical Section

This part of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Content</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the District's Financial performance and well-being have changed over time.	100-107
Revenue Capacity These schedules contain information to help the reader assess the District's property tax revenue.	108-113
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	114-119
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	120-121
Operating Information These schedules contain staffing, key operating statistics comparisons and capital asset data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	122-127

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The District implemented GASB 34 in fiscal year 2001; schedules presenting government-wide information include information beginning in that year.

Notes: (1) Includes General, Special Revenue, Capital Projects, and Debt Service Funds

Assessments : Jefferson County assesses and collects all District property taxes charging a collection fee of .5 percent of the gross taxes collected.

Taxes Due: General property taxes are due January 1 of each year. The first half is due on and becomes delinquent after the last day of February and the second half is due on June 15 and becomes delinquent after July 31. If the entire amount of the tax is paid at one time on or before April 30, no interest will be charged on the first half.

Delinquent Taxes and Tax Sales: Delinquent general property taxes are advertised and subject to distraint, seizure, and sale after delinquent dates. When real estate is sold for taxes, the tax, plus interest, advertising, and certificate fees, draw interest from the date of the sale.

Delinquent Taxes Outstanding: The District's delinquent tax payments are not received based upon tax year; therefore, delinquent taxes outstanding by tax year are not readily available. After the sale, real estate may be redeemed at any time within three years from the date of sale or at any time before a tax deed is issued.

Building Bright Futures

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Notes to Schedule of Expenditures of Federal Awards

June 30, 2006

(1) General

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) presents the activity of all federal award programs of the Jefferson County School District, No. R-1, Colorado (the District). The District's reporting entity is defined in note (1) to the District's basic financial statements.

(2) Basis of Accounting

The accompanying Schedule is presented using the modified accrual basis of accounting for governmental funds and the accrual basis of accounting for proprietary funds, which is described in note (1)(D) to the District's basic financial statements. The Federal financial reports that are submitted to the grantors are prepared on the cash basis and may not agree to this schedule.

(3) Noncash Programs

Commodities donated to the District by the U. S. Department of Agriculture (USDA) of \$1,405,393 are valued based on the USDA's Donated Commodity Price List.

(4) Reconciliation to basic financial statements

Federal awards received directly from federal agencies as well as federal awards passed through other governmental agencies are included on the Schedule.

The following analysis reconciles amounts in the accompanying Schedule to the District's basic financial statements of the special revenue funds for the year ended June 30, 2006.

Reconciliation of Expenditures

Schedule of Expenditures of Federal Awards

Total federal expenditures	\$ 38,075,874
Less: USDA *	<u>(8,497,785)</u>
	<u>\$ 29,578,089</u>

Special Revenue Funds

Total expenditures from basic financial statements	\$ 57,862,526
Less: Nonfederal grants expenditures	<u>(28,284,438)</u>
	<u>\$ 29,578,089</u>

* The activities relating to USDA are included in the Food Services Enterprise Fund.

**Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance with Government Auditing Standards**

The Board of Education
Jefferson County School District No. R-1
Jefferson County, Colorado

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jefferson County School District No. R-1 as of and for the year ended June 30, 2006, which collectively comprise Jefferson County School District No. R-1's basic financial statements and have issued our report thereon dated October 31, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jefferson County School District No. R-1's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses. However, we noted other matters involving internal control over financial reporting that we have reported to management of Jefferson County School District No. R-1 in a separate letter dated October 31, 2006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Jefferson County School District No. R-1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Education, management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Clifton Henderson LLP

Greenwood Village, Colorado
October 31, 2006

**Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control
Over Compliance in Accordance with OMB Circular A-133**

The Board of Education
Jefferson County School District No. R-1
Jefferson County, Colorado

Compliance

We have audited the compliance of Jefferson County School District No. R-1 with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. Jefferson County School District No. R-1's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Jefferson County School District No. R-1's management. Our responsibility is to express an opinion on Jefferson County School District No. R-1's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Jefferson County School District No. R-1's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Jefferson County School District No. R-1's compliance with those requirements.

In our opinion, Jefferson County School District No. R-1 complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006. However, the results of our auditing procedures disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 2006-1.

Internal Control Over Compliance

The management of Jefferson County School District No. R-1 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Jefferson County School District No. R-1's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Jefferson County School District No. R-1's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grants. Reportable condition is described in the accompanying schedule of findings and questioned costs as item 2006-1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable condition, described above is a material weakness.

This report is intended solely for the information and use of the Board of Education, management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

- (h) Dollar threshold used to distinguish between Type A and Type B programs: \$1,142,276
- (i) Auditee qualified as a low-risk auditee under section .530 of OMB Circular A-133: YES

(2) Findings Relating to the Basic Financial Statements Reported in Accordance with *Government Auditing Standards*: NONE REPORTED

(3) Findings and Questioned Costs relating to Federal Awards in the Current Year: YES

(4) There were no findings or questioned costs reported in the prior fiscal year.

JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

Schedule of Findings and Questioned Costs – Findings Relating to Federal Awards
For the Fiscal Year Ended June 30, 2006

PART III – Federal Award Findings and Questioned Costs

Pass through Colorado Department of Education

No. 2006-1 **CFDA Nos. 10.553, 10.555 and 10.559** **Child Nutrition Cluster**

Eligibility
Reportable Condition and Noncompliance

Criteria. Title 7 Part 245 of the Code of Federal Regulations outlines regulations for eligibility relating to child nutrition based on income levels and number of members in the household.

Condition. Two instances of overpayments of benefits occurred.

Questioned Costs. \$1,077. The costs include known and likely errors of \$855 that were found by the District based on their self-audit. .

Context: We reviewed 25 case files relating to the program. The total amount of program payments tested was \$5,034 and the related error amount was \$222.

Effect. Failure to properly calculate benefits to participants may result in overpayments or underpayments of benefits. The cost of the assistance may be disallowed.

Cause. System errors caused by MCS (Merrill Computing Services) system..

Recommendation. The District should strengthen controls to monitor eligibility to ensure that all participants are properly processed and paid based on their eligibility status.

Management Response. Jeffco has a record of excellence in application processing. We continually review our practices and evaluate our accuracy, especially with employees new to processing positions.

Food and Nutrition Services conducted a self audit of early processing consisting of 550 applications in 2005. Results of the audit revealed a sensitivity of the MCS scanning program that interpreted writing into a blank space or information crossed out, as an additional household member, possibly altering the approved status. This sensitivity was immediately conveyed to MCS and immediately corrected by requiring an edit check on household members. All known errors were corrected at once. This issue also affected the instances encountered by Clifton Gunderson.

All employees are highly motivated to be efficient and precise in free and reduced eligibility processing. Every effort is made to update systems and review practices, take immediate action as needed to make appropriate and timely changes to reach errorless processing. We will continue to review our work through self-audits, reviews, training and random cross checks of our practices and procedures. We will maintain close oversight of personnel to evaluate consistency and accuracy in all processing.

We encountered no system issues during processing for the fiscal year 2006. The self-audit for 2006 demonstrates the normal accuracy achieved in Jeffco processing. As self-review of 500 applications yielded two errors, which were immediately corrected with no affect on claims.
